Gentlemen:

The U.S. Department of Energy/Rocky Flats Office (DOE/RFO) is officially submitting the Draft Background Soils Characterization Program Work Plan to your organizations for your review, comment, and approval. The draft work plan describes how data representative of the Rocky Flats Plant background in soils will be collected and analyzed using a number of statistical techniques.

The DOE/RFO requests a response by May 3, 1994 in order to expedite implementation of the field work. The work plan is concurrently being reviewed by DOE/RFO. Your assistance would be greatly appreciated.

Contact Norma I. Castaneda at 966-4226 if you should have any questions regarding this transmittal.

Sincerely,

Jessie Roberson
Acting Assistant Manager for
Environmental Restoration
